Highly motivated and curious B.Tech Computer Science & Engineering student graduating in 2026. Seeking an entry-level position to leverage my skills in AI, Data Analysis, and Cybersecurity to contribute to organizational goals while continuously evolving as a technical professional.

Soft Skills & Attributes

- **Curiosity-Driven:** Naturally inquisitive and dedicated to solving problems with a "learning first" mindset.
- **Communication:** Strong public speaking skills and ability to present technical ideas clearly.
- **Time Management:** Proven ability to manage academic deadlines and personal projects effectively.
- **Team Player:** Collaborative worker with experience in group projects and team environments.
- **Fast Learner:** Quick to adapt to new technologies and workplace workflows.

Education

Bachelor of Technology in Computer Science & Engineering — Expected in January 2027
Dr. A.P.J. Abdul Kalam Technical University, Lucknow, UP
Expected Graduation: June 2026

Intermediate Education in PCM — January 2020
SMT Saroj Devi INT Coll Jarara Khair Aligarh, UP

High School Education in PCM — January 2017
N L G INT Coll Aligarh, UP

Personal Details

Date of Birth: 29/06/2002

Nationality: India

Marital Status: Single

Languages

- English
- Hindi

Skills

- Data analysis skills
- Computer skills
- Multitasking Abilities
- JavaScript Development
- Data visualization
- Effective time management
- Public speaking
- AI and ML skills
- Active listening
- Cybersecurity fundamentals
- Curiosity-driven problem solving
- Rapid technology adaptation
- Team collaboration

Interests

Exploring new AI tools and technologies., Engaging in community service or group activities., Continuous self-improvement through online certifications

Projects

Project 1: Briefly describe a project you worked on during your B.Tech. Example: Developed a basic AI chatbots or analyzed a dataset using Python.

Project 2: Briefly describe another project, perhaps related to Cybersecurity or Data Analysis.

Work history

Software Engineering Intern
Apexsquare Solutions, Hyderabad, Telangana (Remote) — *April 2026 - Current*

- Developed and tested software applications using Java and Python programming languages.

- Collaborated with team members to troubleshoot and resolve technical issues efficiently.
- Assisted in the design and implementation of user-friendly interfaces for applications.
- Participated in code reviews to ensure adherence to best practices and coding standards.
- Developed user-friendly interfaces for seamless navigation and improved user experience.
- Assisted in conducting thorough code reviews to identify areas of improvement and ensure adherence to best practices within the team.
